

Library and Knowledge Services Newsletter

Issue 19 | November / December 2023

Our newsletter will keep you up to date with new resources and service developments as well as news from our team members.

Watch our new video!

We have recently created a short video to introduce staff to some of our services. Follow the link or QR code to find out more about:

- Borrowing books
- Requesting access to a journal article
- Requesting a literature search
- Accessing online content
- Staying up to date with developments in your field

[Introduction to NHS Library and Knowledge Services across Lincolnshire](#)

Placement student support

Do you support university placement students on your ward or in your department?

We have collated some information and resources on library services, research and studying to help support these students here:

- A **placement student webpage** has been created that details the resources available to them whilst on placement with either LCHS, LPFT or ULHT:
<https://www.nhslincslibrary.uk/placement-students/>
- An **NHS resources webpage** has been created to provide students with the information on the resources available to them when they go on to be employed by a NHS organisation:
<https://www.nhslincslibrary.uk/nhs-resources/>

Men's Network current awareness bulletin

This month saw the launch of the Men's Staff Network at ULHT. To coincide with the launch we have developed a bi-monthly current awareness bulletin to support the network and its information needs. A selection of resources included in the first edition can be found below:

The Men's Health Forum have been campaigning for a men's health strategy and recently [welcomed the decision by MPs to launch an inquiry into men's mental and physical health](#).

The [Movember charity](#) website has lots of information and resources under the **Men's Health section**

The Fatherhood Institute is conducting [a comprehensive review \(funded by the Nuffield Trust\) of decades of research into the roles and impacts of UK fathers in families](#). Six reports have been published since 2017.

The [most recent issue of the East Genomics newsletter](#) presents a prostate cancer project seeking to tackle health inequalities for men of African / African Caribbean heritage who are twice as likely to develop prostate cancer than white men.

If you would like to join the network email MensNetwork@ulh.nhs.uk

We produce bulletins to support all of the ULHT Staff Networks and previous editions can be found here: www.nhslincslibrary.uk/bulletins. These bulletins are also sent to the Equality, Diversity & Inclusion teams at LCHS and LPFT for distribution. If you would like to be added to any of the bulletin mailing lists email: clinical.librarian@ulh.nhs.uk

Monthly dashboard

Article Requests	Literature Searches
In September and October we provided access to 1176 articles.	In September and October we completed 34 searches.
