

Mental Health Current Articles Bulletin – June 2024

How to Obtain an Article

If you would like to request any articles included in this bulletin, or to be put onto the bulletin's distribution list, please contact Library and Knowledge Services at Grantham Hospital:

Tel: 01476 464321

email: library.grantham@ulh.nhs.uk

If you require an in-depth search on a topic featured in this bulletin then please contact clinical.librarian@ulh.nhs.uk

Abuse/Violence/Bullying
<p>How severity of intimate partner violence is perceived and related to attitudinal variables? A systematic review and meta-analysis Badenes-Sastre M et al Aggression and Violent Behavior 76 (May) 101925</p>
<p>Experiences of bullying and victimization and adolescents' life satisfaction: a meta-analysis Chen X et al Aggression and Violent Behavior 76 (May) 101930</p>
<p>Stalkers and substance use: a scoping review Landwehr E et al Aggression and Violent Behavior 77 (July) 101927</p>
Addictions
<p>Big five personality traits, gaming motives and regular and disordered gaming: a cross-national examination among college student gamers in seven countries Lopez-Fernandez F et al Addictive Behaviors 156 (Sept) 108049</p>

<p>Examining the daily reciprocal relations between alcohol abstinence self-efficacy and drinking among non-treatment seeking individuals with alcohol use disorder (AUD) Walsh B et al Addictive Behaviors 156 (Sept) 108068</p>
<p>The impact of internet addiction on mental health: exploring the mediating effects of positive psychological capital in university students Girum T et al Adolescents 4 (2) 200-221</p>
<p>Statistical analysis of survey on addiction to social media and its implications on physical and mental health Priyanka Aggarwal et al Journal of Studies in Social Sciences and Humanities 10 (1) 13-31</p>
<p>Traumatic brain injury outcomes after recreational cannabis use Szaflarski J et al Neuropsychiatric Disease and Treatment 20 (2024) 809-821</p>
<p>Autism</p>
<p>Cost-utility analysis of Social Stories™ for children with autism spectrum disorder in mainstream primary schools: results from a randomised controlled trial Wang H et al BJPsych Open 10 (4) e123</p>
<p>New advances in the diagnosis and treatment of autism spectrum disorders Qin L et al European Journal of Medical Research 29 (1) 322</p>
<p>Resting state activity in children: replicating and extending findings of early maturation of alpha rhythms in Autism Spectrum Disorder Shen G et al Journal of Autism and Developmental Disorders 54 (5) 1961-1976</p>
<p>The teleNIDA: early screening of autism spectrum disorder through a novel telehealth approach Riva V et al Journal of Autism and Developmental Disorders 54 (5) 1680-1690</p>
<p>“Breaking the news” - post-autism spectrum disorder diagnosis group intervention for parents to 6-18 year old children Gindi S et al Clinical Child Psychology and Psychiatry online first breaking the news</p>

Bereavement and Grief

Supporting Muslim families after suicide: religious and cultural considerations

Feryad A Hussain
Nursing Times 120 (6) 22-25

Is social connection the solution for reducing widower suicide in late life?

Szanto K et al
American Journal of Geriatric Psychiatry 32 (7) 832-834

When TV neighbours become good friends: understanding Neighbours fans' feelings of grief and loss at the end of the series

Gerace A
PLoS One 19 (6) e0302160

Supporting childhood bereavement through school-based grief group

Linder L et al
Omega Journal of Death and Dying 89 (2) 741-758

Humor: a grief trigger and also a way to manage or live with your grief

Wilson D et al
Omega Journal of Death and Dying 89 (2) 514-529

Child and Adolescent Issues

Intervention for school anxiety and absenteeism in children (ISAAC): co-designing a brief parent-focused intervention for emotionally-based school avoidance

McDonald B et al
Clinical Child Psychology and Psychiatry 29 (3) 850-866

A psychoeducational workshop for the parents of young voice hearers: a preliminary investigation into acceptability and outcomes in an NHS Child and Adolescent Mental Health Service

Deane A et al
Clinical Child Psychology and Psychiatry 29 (3) 882-896

Family members' experiences of seeking help for a young person with symptoms associated with the psychosis spectrum: a narrative review and synthesis

Rodell S, Parry S
Clinical Child Psychology and Psychiatry 29 (3) 897-912

Exploring social stages of play through eye to I© intervention model

Schuchert S et al
Clinical Child Psychology and Psychiatry 29 (3) 928-948

Assessment and treatment of mental health conditions in children and adolescents: a systematic scoping review of how virtual reality environments have been used

Blanco D et al

Clinical Child Psychology and Psychiatry 29 (3) 1070-1086

Frontline professionals' use of and attitudes towards technology to support interventions for adolescents with depression symptoms: a mixed methods survey

Loades M et al

Clinical Child Psychology and Psychiatry 29 (3) 1087-1099

Interactive virtual reality training to improve socio-emotional functioning in adolescents with developmental language disorders: a feasibility study

Arts E et al

Clinical Child Psychology and Psychiatry 29 (3) 1100-1120

Looking fear in the eye: Gamified virtual reality exposure towards for children using attention based feedback

Wechsler T et al

Clinical Child Psychology and Psychiatry 29 (3) 1121-1136

Practical recommendations for addressing the psychological needs of unaccompanied asylum-seeking children in England: a literature and service review

See Heng Yim et al

Clinical Child Psychology and Psychiatry online first practical recommendations

Effect of ADHD medication on risk of injuries: a preference-based instrumental variable analysis

Widding-Havneraas T et al

European Child & Adolescent Psychiatry 33 (2024) 1987-1996

Dementia and Alzheimer's Disease

Even the simplest questions may cause harm: how one woman with profound dementia taught me about the stress of multiple questions

Nash M

American Journal of Geriatric Psychiatry 32 (7) 770-772

The effects of oestrogen on the risk of developing dementia: a cohort study using the UK Biobank data

Park H et al

American Journal of Geriatric Psychiatry 32 (7) 792-905

**Pathway to delivery of dementia disease modification – themed issue
BJPsych 224 (6)**

As this is a themed issue you can request any or all of the articles below

- Shifting paradigms in dementia care: navigating new therapies and prevention strategies (pp 187-188)

- Associations of an individual's need for cognition with structural brain damage and cognitive functioning/impairment: cross sectional population-based study (pp 198-197)
- Estimating demand for potential disease-modifying therapies for Alzheimer's disease in the UK (pp 198-204)
- Predictors of primary care psychological therapy outcomes for depression and anxiety in people living with dementia: evidence from national healthcare records in England (pp 205-212)
- Association of cognitive reserve with the risk of dementia in the UK Biobank: role of polygenic factors (pp 213-220)
- Predicting patients with dementia most at risk of needing psychiatric in-patient or enhanced community care using routinely collected clinical data: retrospective multi-site cohort study (pp 221-229)
- Dissonance in the face of Alzheimer's disease breakthroughs: clinician and lay stakeholder acceptance, concerns and willingness to pay for emerging disease-modifying therapies (pp 230-236)
- Associations between multimorbidity and neuropathology in dementia: consideration of functional cognitive disorders, psychiatric illness and dementia mimics (pp 237-244)
- The usability and reliability of a smartphone application for monitoring future dementia risk in ageing UK adults (pp 245-251)
- LGI1-antibody encephalitis: how to approach this highly treatable dementia mimic in memory and mental health services (pp 252-257)
- An empty bliss beyond this world – the music of *The Caretaker* as a representation of dementia – Psychiatry in music
- Penal mental health and Soviet psychiatric abuses in *The Gulag Archipelago* (1973) by Aleksandr Solzhenitsyn (1918-2008) – Psychiatry in History

A neurologist learned he had Alzheimer's disease 8 years ago – here's what he wants people to know

Rubin R

JAMA Neurology online first E1-E3

Increasing risk of dementia among patients with subsequent epilepsy within 2 years post-traumatic brain injury: a population-based case-control study

Chu S et al

Journal of Multidisciplinary Healthcare 17 (2024) 1447-1457

Depression/Depressive Disorders

The association among negative life events, alexithymia and depressive symptoms in a psychosomatic outpatient sample

Xie Y et al

BMC Psychiatry 24 (1) 451

The dark and gloomy brain: grey matter volume alterations in major depressive disorder – fine-grained meta-analysis

Romeo Z et al

Depression and Anxiety 2024 ID 6673522

Impact of depressive symptoms on adverse effects in people with epilepsy on antiseizure medication therapy

Panholzer J et al
Epepsia Open 9 (3) 1067-1975

Eating Disorders

Care pathways for longstanding eating disorders must offer paths to recovery, no managed decline

Downs J
BJPsych Bulletin 48 (3) 177-181

Concurrent self-administered transcranial direct current stimulation and attention bias modification training in binge eating disorder: feasibility randomised sham-controlled trial

Flynn M et al
BJPsych Open 10 (4) e118

The evolving profile of eating disorders and their treatment in a changing and globalised world

Hubertus Himmerich et al
Lancet 403 (10445) 2671-2675

Forensic Psychiatry/Psychology

A critical comparison of aggressive intrusive thoughts in obsessive compulsive disorder and aggressive scripts in offender populations

Fernandez S et al
Aggression and Violent Behavior 76 (May) 101920

Cognitive behavioural “third wave” therapies in the treatment of justice-involved individuals: a systematic review

Cunha O et al
Aggression and Violent Behavior 76 (May) 101923

Treatment of youth and adults with psychopathic traits detained in forensic settings: a systematic review

Ribeiro da Silva D et al
Aggression and Violent Behavior 76 (May) 101922

Intellectual/Learning Disabilities

Adults with learning disabilities’ use of health promotion initiatives

Fitzgerald S et al
Nursing Times 120 (6) 26-30

Positive family connections for families of children with a developmental disability: cluster randomized controlled trial

Sutherland D et al

Journal of Family Psychology 38 (4) 559-570

The impact of social-environmental factors on IQ in syndromic intellectual developmental disabilities

Walker S et al

Journal of Clinical and Translational Science 8 (2024) 1-15

LGBTQ+

Bridging the gap: a study of disparities and opportunities for LGBT youth in foster care

Alboroto R

Child Welfare 101 (6) 41-66

Minority stress and intersectionality in LGBTQIA+ youth mental health disparities

Ream G

American Journal of Public Health 114 (7) 669-671

Mental health impact of multiple sexually minoritised and gender expansive stressors among LGBTQ+ young adults: a latent class analysis

Shrader C et al

Epidemiology and Psychiatric Sciences 33 (2024) e22

Barriers and facilitators to mental health treatment access and engagement for LGBTQA+ people with psychosis: a scoping review protocol

Goncalves C et al

Systematic Reviews 13 (1) 1-7

The sexual and gender minority (LGBTQ+) medical trainee: the journal through medical education

Danckers M et al

BMC Medical Education 24 (1) 67

Miscellaneous

Ableism: a conversation starter

Ableism involves twin biases: (1) some people are broken and need to be fixed; (2) the playing field is even for everyone else. Ableism justifies failure to accommodate variation within populations, while pathologizing disabilities that result from lack of accommodation.

Scheunemann L

American Journal of Geriatric Psychiatry 32 (7) 895-898

Microbiota-brain axis: exploring the role of gut microbiota in psychiatric disorders – a comprehensive review

<p>Singh J et al Asian Journal of Psychiatry 97 (July) 104068</p>
<p>Excluding autism or excluding everything? The problem of broad definitions in the England and Wales Draft Mental Health Bill Beazley P BJPsych Bulletin 48 (3) 187-191</p>
<p>Neurodivergence</p>
<p>Recognising and responding to physical and mental health issues in neurodivergent girls and women Kelly C et al British Journal of Hospital Medicine 84 (4) 1012</p>
<p>What do psychologists need to consider about neurodivergence and mental health? Kahya H Psychologist 2024 (Jan-Feb) pp 100-102</p>
<p>Overlap of eating disorders and neurodivergence: the role of inhibitory control Norton B et al BMC Psychiatry 24 (1) 454</p>
<p>Cognitive ability: a promising option for assessing neurodiverse talent Camden W et al Consulting Psychology Journal 76 (1) 20-41</p>
<p>Professional</p>
<p>Role of clinical attachments in psychiatry for international medical graduates to enhance recruitment and retention in the NHS Rajpara M et al BJPsych Bulletin 48 (3) 198-204</p>
<p>Self-harm and Suicide</p>
<p>Supporting Muslim families after suicide: religious and cultural considerations Feryad A Hussain Nursing Times 120 (6) 22-25</p>
<p>Involvement of propranolol in suicides: cross-sectional study using coroner-reported data Gorton H et al BJPsych Open 10 (4) e127</p>
<p>Psychiatric assessment of self-poisoning</p>

<p>Martin G et al Medicine 52 (6) 348-350</p>
<p>Poisoning by paracetamol Dear J Medicine 52 (6) 383-385</p>
<p>Poisoning by opioids Layne K, Wood D Medicine 52 (6) 386-389</p>
<p>Poisoning by antidepressants and antipsychotics King A, Thanacoody R Medicine 52 (6) 369-372</p>
<p>Sleep health/Disorders</p>
<p>Internet-delivered cognitive behavioral therapy for adolescents with insomnia: feasibility and preliminary efficacy Aslund L et al Clinical Child Psychology and Psychiatry 29 (3) 1159-1173</p>
<p>Impact of PAP on the gut microbiome in OSA: a pilot study Bock J et al Sleep Medicine 118 (Jun) 39-42</p>
<p>Bright light therapy has a positive effect on sleep quality in patients with cancer: a meta-analysis Lai F et al Sleep Medicine Reviews 75 (June) 101925</p>
<p>Sleep mental health and physical health in new shift workers transitioning to shift work: systematic review and meta-analysis Sleep Medicine Reviews 75 (June) 101927</p>
<p>The relationships between insomnia, nightmares and dreams: a systematic review Delage J et al Sleep Medicine Reviews 75 (June) 101931</p>
<p>Therapies/OT in mental health</p>
<p>Cognitive behavioural therapy: establishing a service in North Wales Sims J Nursing Times 120 (7) 50-53</p>

<p>Influence of reminiscence therapy on mental health and quality of life in elderly patients with unresectable, metastatic gastrointestinal cancer Yu Liang et al Brazilian Journal of Medical and Biological Research 57 (2024) e13344</p>
<p>Predictors for interest to participate in digital mental health therapy: a cross-sectional survey of individuals with anxiety and depression Gunawardena T et al BMC Digital Health 2 (1) 1-9</p>
